

JANUARY 2023

WORLD STROKE ACADEMY

News and updates from the WSO Educational Platform

Message from WSA Executive Manager

On behalf of the World Stroke Academy team, I would like to extend our warmest wishes for a happy and prosperous new year to all of our readers and members.

As we look ahead to the future of medical education, we are thrilled to see the continued growth and development of online learning platforms like ours. The ability to provide accessible, high-quality stroke education to healthcare professionals worldwide has never been more important, and we are committed to delivering the latest research and best practices in a convenient and engaging format.

We look forward to continuing to support our members in their ongoing professional development and to working together to improve the care and outcomes for stroke patients worldwide!

Laura Ceci Galanos
Executive Manager
WSA

Upcoming WSA Webinars

TOPICS:

- Integrated Stroke Care
- Restart oral anticoagulation after intracerebral haemorrhage: yes or no, and when?
- What did we learn from the ACST-2 trial about carotid intervention in asymptomatic patients with severe stenosis?

[REGISTER](#)

TOPICS:

- Diagnosis & diagnostic evaluation of cervical artery dissection
- Risk of ischemic stroke & recurrent dissection
- Stroke prevention strategies debate: pro-anticoagulation & pro-antiplatelet

Video interview to Dr. Saima Hilal and Prof. Dr. Christopher Chen

World Stroke Congress 2022, Singapore

The 14th World Stroke Congress in Singapore assembled the international stroke community to work together to reduce the burden of stroke by delivering improvements in prevention, treatment and support. Global professionals discussed the latest science, clinical trials, breakthroughs and guidelines to stroke prevention.

**WATCH RECORDED
TEACHING SESSIONS**

Online education has become an increasingly important resource for the stroke community, providing healthcare professionals with access to the latest research and best practices in the field. Through online platforms like the World Stroke Academy, healthcare professionals can access high-quality education and training on stroke prevention, diagnosis, treatment, and rehabilitation from anywhere, at any time. This is especially important for healthcare professionals working in remote or underserved areas, where access to in-person training may be limited.

The World Stroke Academy proudly presented on-site the impact of its educational activities & projects and networked with the stroke community!

Call for proposals: your contribution to the WSA!

PROPOSAL CALL

E-LEARNING, CASE STUDIES, WEBINARS AND PODCASTS

We are calling for proposals to build the WSA e-learning module, case study, webinar and podcasts series.

Please note: WSO represents stroke throughout the world and is committed to achieve balance and representation with respect to gender, ethnicity, geographical distribution and level of seniority in its scientific e-learning programme. Please consider this when you submit your topic and identify authors.

Your details *

First Name

Last Name

E-mail *

example@example.com

Your organizational affiliation *

(e.g. WSO Education Committee, WSO Research Committee, non-WSO body,...)

Format *

- ☐ E-learning module
- ☐ Podcast/Interview
- ☐ Case study
- ☐ Webinar
- ☐ Informal discussion (short debate)
- ☐ Other

Topic *

- ☐ Prevention
- ☐ Diagnosis
- ☐ Acute Treatment
- ☐ Innovative Therapies
- ☐ Neurorehabilitation
- ☐ Life After Stroke
- ☐ Women in Stroke
- ☐ Other

We are excited to announce that we are now inviting you to submit proposals for topics and formats of educational activities to be hosted on our platform.

This is an opportunity for our members to **play an active role in shaping the education and training offerings** of our organization and **contribute to our greater cause of improving the care and outcomes for stroke patients worldwide.**

We are open to a wide range of proposals, from traditional lecture formats to more **interactive and engaging approaches** such as webinars, case discussions, and simulation-based training.

We welcome proposals from everyone, regardless of their level of experience or expertise. **If you have an idea for an educational activity that you believe would be of value to our members, we encourage you to submit a proposal today!**
